

Rice 1.0 Release Notes

Not yet released! See [Roadmap](#) for details.

The main focus of Rice 1.0 is to look at some of the longer term enhancements that we see a need for, to put a complete 1.0 package out the door. These changes include:

1. Implement the necessary requirements for portal support and uPortal integration as directed by the KTC
2. Implement BPEL support for KEW and the KDB

Approximate Delivery Date: September 2008
